

To Custom Dock&Davits .

Your Company has done 2 jobs for me in the past and I was satisfied with the work . But this time the work your Company did for me was outstanding and first class quality . Roy and his team did a very good job and you can be proud of your men .I give you permission to use my name and pictures of your companies work on my dock .Also I like the way Roy and his team left the site , nice and clean and no clutter left behind . I will recommend your company to any one who wants some information about Custom Dock & Davits .
