

May 30, 2012

The key word is "Expectations".

Scott your company, Custom Dock and Davit, "Exceeds" all of my "Expectations" in the work performed rebuilding our docks. Having been associated with the construction business throughout my career I am probably more particular than the average homeowner. From my first meeting with you, Scott, I realized quickly that I was going to be working with a professional who knew what he was talking about and that your standards towards workmanship was high. You performed exactly as you said you would including scheduling, materials, workmanship and courtesy by your employees associated with this project.

My wife and I are extremely delighted with the outcome and would recommend you and your company without reservation.

Thank you for renewing my faith in today's work ethics!

Sincerely,  
Ron Kim
